Dear Sir,

It was with great interest that we received your letter of January 26th. It was, in fact, the first communication we received from so great a distance since we commenced broadcasting at the beginning of the year on 1500 kilocycles.

Your detailed reception reports were exceedingly interesting, and the data you provide checks absolutely with our programme records.

We sincerely hope that you continue to receive "Radio Hoyer 2 - The Voice of the Netherlands Antilles", on 1500 kilocycles (200 meters), clearly and accurately, and once again, thank you for your letter.

Yours sincerely,

(H.E.Hoyer)
